At the time this newsletter is being produced there is a global urgency to stay away from crowds and self-quarantine if you've been out of the country or have symptoms of the flu. We do our best to keep our surfaces clean. We do not have public facilities so the facilities we do have for our staff and customers are kept as clean as possible. Classes are kept small so we feel it will not be considered a "crowd of 50 or more". We shall continue our day-to-day business as usual with one eye on what's happening and change if it's needed. So, we are offering some great classes in April and hope you will enjoy them. The Arabian Nights and Gratitude Wallet are Canadian designers and we love to support our home grown talent.

Arabian Nights

1st Saturday of each month ending August.

10-5

You will have months to work through this beauty. We will start with the fabric selection and then cutting and putting your colours in a pleasing order. You will end with the top of your quilt ready for quilting by August and you've done it in a slow relaxing time frame with a group of lovely people. You know there's always lots of chatter and lots of laughs.

Instructor: Kathy

Instruction fee: \$50 + 25 gift card

As with any class, you must have a purchased copy of the pattern you are making in class and in our Fun events. In some cases we teach with free download patterns. It is your responsibility to download and print the pattern.

Please no perfume on class day or sewing in or Fun days. Cellphones are not encouraged.

Gratitude Wallet
Saturday, April 11th

10-5

We have had lots of interest in a wallet class and finally here it is! At the time of this newsletter, there is only one more spot so if that fills, we will try to convince Kim to offer another one. Bags and wallets are a popular item and its so much easier if you let someone who knows how to make them, show you. You will need to download the wallet pattern before class. Kim will have hardware & cork available to purchase if desired.

Easy Woven
Saturday, April 18th and 25th

10-5

Take a couple of Saturdays and have a little fun with this easy-to-do video tutorial with hands on instruction. It is the perfect lap size and easy enough for anyone with a basic quilting beginners class under their belt. It is super satisfying to see how it weaves once you have it together.

Weekend Block Party 2020 We are full!

October 23-26th 9:00am Thursday-8:00pm Sunday All day, all night

Friday Fun Day is a drop in to sew day for anyone. We need you to let us know you're coming so we can make room. We ask that if you commit, you need to actually show up. Maybe's don't work for our space allocation. There is no cost for this; however, we do ask that you honour us by working with products you've purchased from us. It's not a hard and fast rule, but it is a request.
